BREAKING AWAY

On Wednesday, June 6, the class of 1984 came together for the last time as Hammond High Wildcats. Proud parents, relatives and friends looked on from the stifling heat of the gymnasium.

The class of 244 led by class valedictorian, Kristen Hill, class salutatorian, Kathleen Campbell, and class president, Garrard McClendon, marched into the gymnasium to the traditional "Pomp and Circumstance" and filled up the waiting chairs. They sat and faced a stage on which Ms. Ennis; Dr. Tanner; Mr. White; Mrs. Molchan; former superintendent of schools, Dr. Frank Sanders, Jr.; board president, Mrs. Kathleen Hill; and Rev. Louis Reynolds had gathered.

The Ceremonies began as Rev. Louis Reynolds delivered the invocation. This was followed by the choir singing "Up Where We Belong," then soph. Jim Non-dorf sang "I Did It My Way." Kristen Hill and Kathleen Campbell then gave their farewell speeches to their classmates at Hammond High. Next, Dr. Sanders rose to give some encouraging words to the soon-to-be alumni. Reminding the class that they will forever be Hammond High Wildcats, Ms. Ennis then said her good-byes.

Finally the time had come; the nervous graduates were called up one-by-one to receive their long awaited diplomas. Dr. Sanders and Mrs. Hill handed them to the class, and wished them good luck.

The graduates, some carrying bouquets of flowers which were presented to them by their friends and families, returned to their seats for the remainder of the ceremony. Rev. Reynolds performed the benediction and the ninety-eighth annual commencement came to an end.

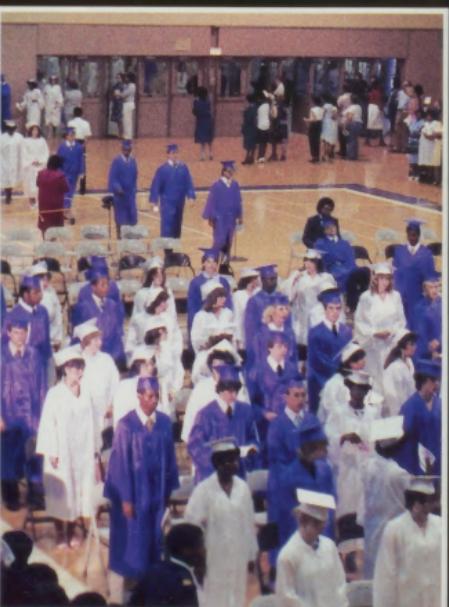

The happy graduates' days at Hammond High are now over, but they will always have their memories.

PURPLE RAIN

For the second year in a row, it rained on prom night. Despite the rain everyone managed to look their best.

Even though rumors said that there wasn't going to be any prom, it was proven to be wrong. The class of "85" already had the hall rented out before the start of school. They had half of the deposit down for the band and hall. The junior class was successful at organizing and getting thoughts together.

The big event took place at Wicker Park Social on May 25th, 1984. There was a long buffet of good food, everyone seemed to enjoy it. After everyone finished stuffing their faces, came pictures. The pictures were taken by Allen. Allen had a special surprise package that he had spent \$1,000.00 on. The terrace background was cancelled due to rain.

Finally, the moment was getting near of who was to be announced King and Queen, and the Grand March. The court was as follows: 4th runner-up, Amanda Brown and Danny Dillard, 3rd: Sonia De Jesus and Richie Sanders, 2nd: Tracy Vert and Sam Burnett, 1st runner-up:

Julie Griffith and Jim Kitchell. 1984 Prom Queen was Betty Jo Belmont and King was Ray Pettit. It was some coincident that they came to prom as a couple! There was excellent music by the band Pawnz. The band was accompanied by last year's band teacher Mr. Sutton. Together they created very nice music. Everyone danced the night away.

Mr. Strater, along with many other teachers who attended the prom danced most of the night. Before the end of the night, came the traditional taking off of the garter.

The big thing this year was that the guys brought their "chix" in Rolls Royce, Limousines, and Cadillacs. Some just had to borrow their parents car.

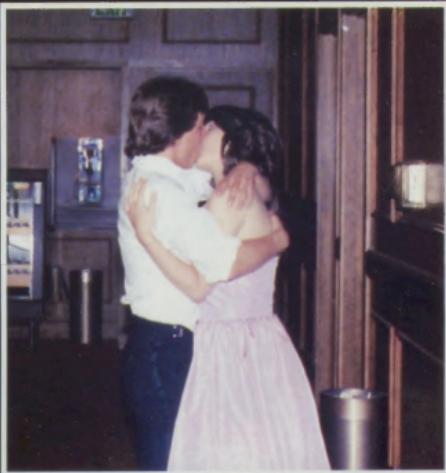

The new fashion this year was a tuxedo with tennis shoes and dresses with the look of the 50's. After prom activities were going to parties or fancy restaurants. The next day prom goers went to Turkey Run, or Great America. May 25th, 1984 surely was a night to remember.

THE WILD LIFE

Hammond High students brought new meaning to the word *WILDCATS* at the start of the new school year. The untamed cats came out of hibernation in September to tear up the school with unleashed spirit, and with good reason; Football games, raft races, hayrides, pep rallies, toga parties, new friends and old ones are all things to twist and shout about.

High school is the time for our *GE-GE-GENERATION*, so don't let those memories *F-F-FADE AWAY*. And if your homework starts to *BREAK YOU DOWN "GO CRAZY!"* It's your life and you can do what you want.

So *TAKE A WALK ON THE WILD SIDE*, along with the seniors, because you know they'll *PARTY LIKE IT'S "1985!"*

MONDAY — ALOHA!

Hawaiian Day let students wear their beach attire for the last time before winter set in. After school a group of girls actually spent \$34.00 to rent three students for the following day. Everybody burned off their calories from dinner by kicking rafts across the pool. There was no doubt that everybody went home exhausted.

TUESDAY — CARRY MY BOOKS ... ON YOUR KNEES!

The funniest scene of the day was watching students being dragged along by a doggie leash. While the more sophisticated students wore their best clothes to school. To keep peace, the student army kept a close eye on everyone (Guerrilla Warfare).

WEDNESDAY — PREPPY DAY!

"Like, you know," said Preppy Pam. "No, I don't know," replied Nerdy Ned. But whether you were a nerd or a preppy, everybody had a fantastic time at the hayride that night, singing familiar songs by the bonfire.

THURSDAY — TOGA! TOGA!

Students came to school looking like they came from Ancient Rome, with the exception of some very weird looking hats. Everybody stayed after school to decorate the halls.

FRIDAY — MIRACLE ON 165th STREET.

Each class came to school that day in their true colors. The pep assembly was so loud, we thought the walls would fall down. One could tell that everybody put a lot of effort into the floats. The Wildcats were ready to settle the Pioneers.

ALL THE RIGHT MOVES

"A perfect game to end a perfect week," Tom Dorton summed up the game. The score was 10-0, which was pretty good considering it was raining throughout most of the game. The rain prevented the quarterback from passing the ball altogether. The defense held well considering the Pioneers were inside the twenty yard line about four times. The Pioneers fumbled a lot, but they played a good game, although not as good as the Wildcats.

There were four outstanding players. Ira Smith got the first touchdown and made an outstanding move to dodge three Clark players on the way to the zone. Ed Smith threw the punch-after-pass. Tom Dorton played an excellent game by intercepting two passes. Jim Nondorf had ten tackles.

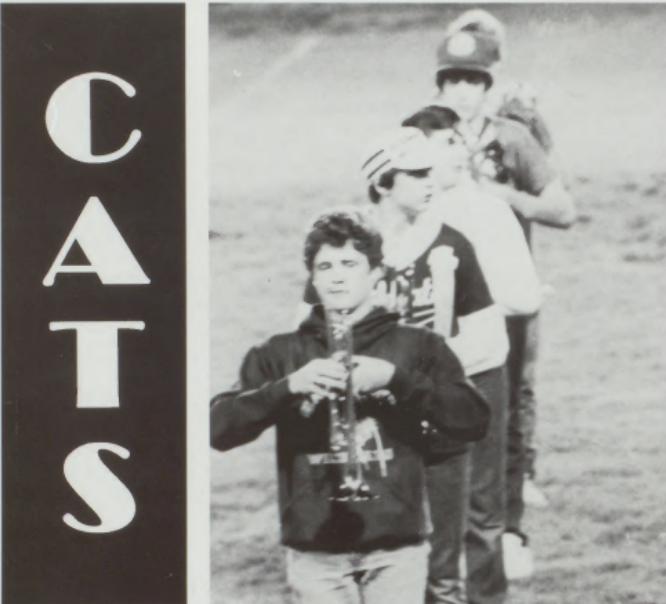

Captain Bob Garcia said "The team really came through when we needed a big play."

Altogether there were 84 participants in the homecoming court, including escorts. The winners were as follows: Freshman princess, Charlotte Hutton; Sophomore princess, Laura Powell; Junior princess, Lisa Salyer; homecoming queen, second runner-up, Candita Burgos; first runner-up, Theresa Ryan; queen, Ingrid Robinson.

TARTUFFE

The Thespian Club finally got into action this year when they presented Moliere Tartuffe. Mr. Schlesinger an English teacher, decided it was time for this school to put on a play. He auditioned actors and a stage crew. It wasn't easy. There were a lot of parts changed and many long and frustrating practices before Tartuffe was perfected.

All the practices and changes paid off. Opening night on December 13th was successful. However, the cast became nervous when they realized 200 people were in the audience. The second night of the play, the cast was much more relaxed with a larger audience of 250. The two performances proved to be successful.

The Thespian Club is hoping to have many more successful plays in the years to come.

HHS A CENTURY OF PRIDE

Last year the city of Hammond celebrated its centennial. This event occurred on April 28, 1984. It began with a 10 a.m. parade in front of City Hall. The parade included over 20 marching bands, several floats from Hammond Public Schools and other surrounding cities.

Hammond Public School graduates: Jean Shephard, who is a well-known author; Carlos Tite, who is a professional boxer; and Darryl Chaney, who played baseball for the Cincinnati Reds; were in the parade. Also present was Governor Robert Orr.

Following the parade the

festivities began at Hammond High Field. Food booths were set up in the parking lot for everyone's eating pleasures while on the field, Lake Central's Marching Band provided the music.

Following this, keys to the city were presented to Mr. Shephard, Mr. Tite, Mr. Chaney, and Chief Lone Eagle who is the oldest living resident of Hammond.

The festival ended around 6 p.m. and the residents of Hammond left knowing that they had helped celebrate Hammond's first one hundred years — and hoping for many more.

Bringing his campaign to Hammond, Gary Hart joins in the festivities.

The neighborly city of Whiting toasts Hammond during its centennial celebration.

LOVE AT FIRST BITE

One hundred fifty-two volunteers donated blood at the American Red Cross blood drive. Only 125 people were able to give blood. Twenty-seven other volunteers were deferred because of medical problems. One out of the twenty teachers who participated fainted.

Besides donating blood, some students helped relieve the tension in the air by entertaining the donors. They dressed up as clowns, used hand puppets, stuffed animals, a Mr. "T" doll, and a Care Bear. Students also made trees and put everyone's name who donated blood on them.

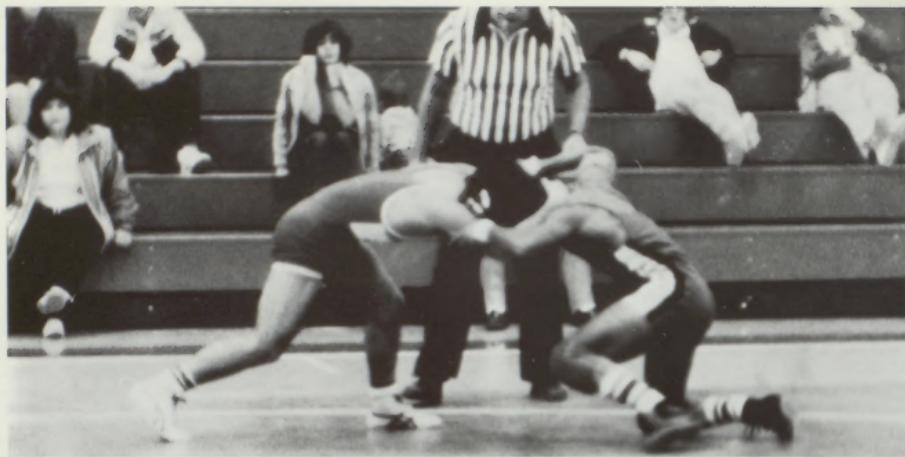

The following students helped a great deal in making the blood drive such a success: Lillian Cassilas, Sonia DeJesus, Lisa Rodriguez, Rhonda Seybold, Julie Griffith, Kathy Aubruner, Tom Crosslin, Ed Horvath, Rob Polgar, and Ron Graves. A special thanks to our school nurse, Mrs. Perz.

A person saves three lives by donating one pint of blood. There is a great need for volunteer donors because of the blood shortage. Save a life by signing up for next year's blood drive.

BOYS TRACK

According to Coach Brown, the 1983-84 boys track team was one of the best teams he's had while coaching at Hammond High School. For the first time ever, Hammond defeated Gary Westside. Collecting championships along the way, the victorious Wildcats headed down state. However, on the way to a meet in Lafayette, the boys' bus ran out of gas so the girls' bus had to go back to get gas for them and they didn't get back until 1:00 A.M. and still had to get up for school and afterwards practice. Capping a successful season, Garrik Young and Alfred Powell both took fourth place; one at the Mansfield Relays, and one at the state meets. This was a great end to a great year.

The 1983-84 girls track team, which took second place in the Indiana-Lake Shore Conference, was headed by Vanessa Swanson who was the High Jump champ at ILSC, and Patina Walton who placed fourth in the Griffith Sectionals, the Lafayette Regionals, and also went downstate. Their season record was seven wins - two losses. As a team Mary Anne Barney thought they did exceptionally well in their meets and hopes for a better turnout of fans for next year. She feels they deserve more fans considering they practice until five o'clock every day after school at Eggers, which meant confusion because the boys also practiced there, and they had to run to and from Eggers every day. Melisa Hill feels our own track could make improvements for both boys and girls track teams.

The boys had a 7-1 record in conference and a 10-3 record overall with Richard Kitchell as their coach for the second year in a row.

The team had two conference finalists this year. At first singles Senior Joel Jancich finished in second place. At third singles Junior Frank Razmus also received a second place.

The team consisted of seven members: Joel Jancich, Frank Razmus, Phillip Kitchell, Martin Vela, James Iles, Tom Young, and Chris Schneider, and Charlie Myers.

Practice began in August every day, no matter how humid it was. Team members were scarce in the beginning. "The tennis team improved as the season went on, but there weren't too many people there in the beginning. We didn't have enough members on the team," quoted James Iles. Charles Meyers summed up the team's spirit the best, "For me tennis is a back and forth experience, I lobbed to play!"

SWING TIME

Jayne Hough and Tracy Price congratulate each other after winning match point.

Bottom Right: Lila March watches as her partner Cara Ostrasky put her all in returning their opponent's serve.

Last year the girls tennis team went through a big change. Mr. Dawson was no longer there to tell the players to "keep your eye on the ball." This job was turned over to Mr. Richard Kitchell.

This meant the team had to get used to a new system of coaching. For example, Mr. Kitchell liked the players to do more running and drills to get into condition.

On account of the loss of several seniors from last year, this year's team was mostly comprised of underclassmen who had never played tournament tennis before.

Since most of the team was new, it took a little longer than usual to get on the winning track (or court). By the end of the season, everyone was playing up to their potential.

In the Lake Shore Conference Tourney, Diane Ginther placed a very distinguished second.

The height of the season occurred when the team defeated Gavit in the semi-finals of the Sectional Tournament. This victory put the team in the finals against the state-ranked Munster team.

The weather turned out to be a major factor in last year's season. Matches had to be postponed because of rain and snow and of the matches played the weather was almost always windy and cold.

Even though their record wasn't as good as they hoped and the weather was bad, everyone learned to be better players.

The softball team started with over 40 girls. But as tryouts progressed the team started shrinking. Tryouts consisted of many different sprints and extensive batting, and catching, and throwing. After the tryouts ended there were only 20 girls on the team. But, the girls still wanted to play.

The season began and the girls were a little uneasy about the first game. Their attitudes needed some improving. After losing the first game they started pulling themselves together as a unit. It proved to the girls just what they were in store for: the game everyone remembers, was against East Chicago Roosevelt, it lasted 12 innings. Both teams played great, with East Chicago winning with the score of 5-3. It was an example of what all games should be like, good tight defense, and an aggressive offense.

The team was led by Kim Haney and Terilyn Allen, both All-Conference team members. Kim Haney was the starting left-fielder, while Terilyn Allen was one of the starting pitchers, third basemen and short stop player.

The team captains were voted by team members, and captains were Sonia De Jesus and Terilyn Allen. The final season record was 4 wins and 11 losses. Team coaches were Mr. Serafin and Mr. Schneider.

The 1984 Hammond High's baseball team had a good season with a record of 12-8. When asked about the season, Coach Bill Strater said, "Yes, it was a good season because we tied the Lake Shore Conference with Bishop Noll and did well in the Sectionals.

The Most Valuable Players were: Seniors Ray Pettit and Mike Knapik. Most Improved Player was Tim Session. All-Star Conference Players were Mike Knapik, pitcher; Ray Pettit, second base; Tim Session, outfield; and Pat Waldron got honorable mention.

This past season was Coach Strater's last year as coach. He has been the team's coach for the past twenty-five years. One player commented he thought he played better in Sectionals because he wanted to win it for Strater. Unfortunately the team lost in extra innings against Munster in Sectionals.

As for Coach Strater's last year coaching the team, he enjoyed it, "because the players performed beyond their talent, and had a winning year."

FOOTLOOSE

The Wildcats soccer team of the 1983-84 year ended off the season with an improved record. The team had 5 wins and 8 losses, which was a much better record than the previous year.

Coach Carroll said that the team did much better in the tournament this year. He also said he was very impressed with the players, and the year showed good signs for the future.

Mike Barnes was awarded the most valuable player award. Jim Pickel got the most improved player and most outstanding defense awards. Martin Vela was the highest scorer of the year. Martin Vela also played in the All Star team for North West Indiana Soccer League (N.W.I.S.L.).

Hopefully the year to come for Hammond High soccer team will improve more and more.

THE LONGEST YARD

The kittens finished their season with an outstanding record of 6-1-1. The team led by the coaching of Jim Brown and Bob Sojka, really showed their strength and determination to make it through their winning season.

Probably some of the most spirited students of Hammond High, the kittens ended their practices by cheering on their teammates after each practice. This enthusiasm really paid off! Next year the frosh team will belong to J.V., to them it seems as if those yards will never end!

PURPLE

After an incredible 1983 season with its Cluster, Sectional and almost Regional victories, every true Wildcat believer was expecting bigger and better things from the 1984 team. The coaches' and players' dreams were good high. There were good reasons to be. Six out of ten offensive players were returning and the defensive possibilities were endless. It was looking mighty good through the pre-season conditioning.

But the season soon started, and the Cinderella dreams faded fast in the hot summer sun. Many players and prospective players were missing, and younger players had to grow up fast. Coach Zasada's hopes never faded. The team worked hard running play after play and sprint after sprint.

The team was confident again, but the season's

opener stopped that sudden urge. The team was forced to wear freshman jerseys for the next game (this to arouse the team's pride). It worked! The 'Cats destroyed the next two teams from East Chicago.

Things were looking pretty good. The 'Cats were coming in with a good attitude and the "beef" of their season was upon them. First Munster, a long time enemy in the minds of "Hammonders." Things didn't go well. Coach Zasada again laid down the law, stiffening up on policies. It seemed to work. Bishop Noll was next (the super rival of HHS). The 'Cats poured it on strong and it looked like a comeback for the Cats' season. But a comeback by the Warriors disheartened the team once more. Cluster rival Andrean was next. The players' hearts

weren't in it and the game was lost.

But that turning point soon came. A new start came with the playing of first time opponent Chicago Crane Tech. A victory gave them the edge that they would hold throughout the season. Homecoming festivities came and so did another 'Cat victory in what was called "Purple Reign" against Clark.

The best games came late in the season. A losing Wildcat griddy came back against the Morton Governors with three minutes left in the game, and what was called most important game came against Gavit. Most of the seniors who played hadn't won against that Gavit group of seniors since their 7th grade. It was a sweet and prosperous victory. It gave the school a Co-Conference Championship title and ended a

five year vendetta for the seniors. It gave the 1984 Hammond High Football team (a.k.a. "Purple Reign") and those few but loyal fans something to look forward to. And, maybe next year, something to dream about?

VOLLEYBALL

The lady Wildcats opened their season with a surprising win over Chesterton. The team's spirits were high and it seemed as if there was no stopping them. Although they lost their next two games, they won the following five. One of which was a spectacular two-set upset over Crown Point.

After losing a dual meet against Noll and Gavit, the team's spirits collapsed and defeat set in. Lacking the enthusiasm that they once had, the team was beaten in seven consecutive games.

Eventually, the team pulled together and made a strong comeback, winning their last six games. Their final record stood at twelve wins and nine losses. They went on to sectionals but were eliminated by losing to Morton.

The JV team had an excellent season. Their win over Noll earned them the title of the Indiana Lake Shore Conference Tournament.

The volleyball team closed their season by hosting a pot luck dinner for the team and their parents. At the dinner awards were passed out to deserving players. Vicki Butch was named Miss Offense. Jackie Edmon and Vanessa Swanson earned the title of Miss Defense, and the Miss Hustle award was received by Annie Barney.

Next year the team hopes to get off to the same good start, but to continue with it throughout the entire season.

The Varsity Girls 84-85 Basketball team had a more than a great year. The season ended with the record of 14 and 7, that goes to show how well the girls went on to do. This year at Sectionals, the Lady Wildcats defeated Clark with the score of 59-36 in the first game. The first game was just the beginning of the fight. The next team to play was rival Bishop Noll. The score was very close throughout the game. The Wildcats added another victory to their previous victories. The Lady Cats went on to Regionals to play Lew Wallace. The game was exciting. Each team fought for the victory. Unfortunately Lew Wallace finished the Lady Wildcats season with the score of 38-43. Seniors Sonia De Jesus, Jackie Edmond, Yvette Noble and Vanessa Swanson contributed a great deal and they will be missed.

ONE ON ONE

The Boy's Basketball team started on the wrong bounce. Just about everyone anticipated a well rounded ball team, only to be let down in future games. The team was also surrounded by controversy.

As the same as last year there was a Basketball Homecoming. They played Morton. Vanessa Swanson was senior Homecoming Princess, and her court was first runner-up Mia Ginn, second runner-up Lila March, Junior Princess Marlisa Dancho; Sophomore Princess Tracey Price; and Freshman Princess Margaret Hackett.

By the time sectionals came around the team was getting into shape. Then Richard Doss and Andy Rhee were found playing a tournament. They will be suspended for a year.

In the first game of sectional play, they played Andean. Robert Cotton led the team with 25 points, the final score was 62-56. The win gave the Cat's a spot to play Morton on Friday.

In Friday's game there were 2,000 fans that filled Morton's gym to see them defeated.

Again Robert Cotton had games high score of 21. The final score was 54-52.

Then came the big game against rival Gavit. There were nearly 1,000 fans at Morton. They were there to see if Hammond would make it their fourth year in reign as Hammond's Best Boy's Basketball Team.

Well, Gavit won the game. Hammond's high scorer was Damon Hines. The final score was 52-38.

Don't worry the Cat's will win next year.

TUFF

Everyday after school the wildcat wrestlers can be found in the wrestling room practicing so they can wrestle their best. The team has genuine team spirit. They consider themselves one big happy family. Everybody pushes everybody else to do their best they possibly can. Each feels it is nice to know that while they are on the mat wrestling, their teammates are on the sidelines cheering.

The varsity team has had a fantastic season. They placed a second in conference and defended their championship with a first in Sectionals. There were six first place winners. Eleven wrestlers qualified for Regionals. Four wrestlers qualified for Semi-State.

The J.V. team has also had a good season. They won their conference tournament and ties for conference championship.

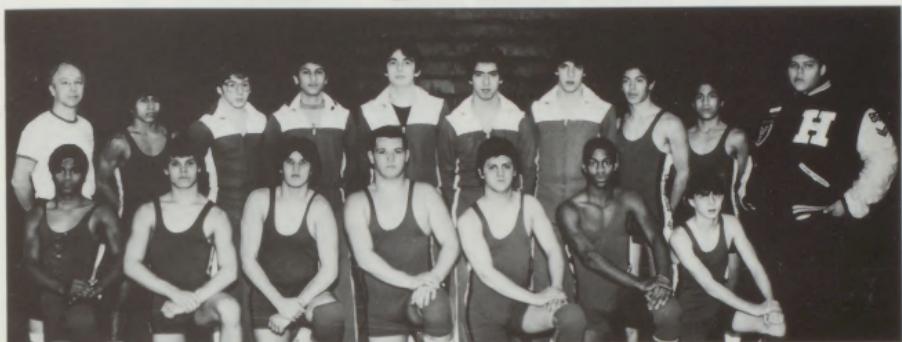

The team is very young this year. There are only three seniors, the rest of the team is composed of Freshmen, Sophomores, and Juniors. The younger wrestlers have developed their skills rapidly. When they have to the J.V. wrestlers are very good at backing up their varsity teammates. Since the team is young they have big future plans.

The Matmaids do a wonderful job keeping score, time, and cheering the team to victory.

The team's overall record this year was 7-6-1.

SPLASH!

When the Catfish started their training, there were over thirty swimmers jogging, lifting weights, and swimming laps. But as it turned out, before their first meet, they were short about fifteen people. Divers came and went, practicing and then quitting. Swimmers would sign up and their faces would never be shown again.

This turn down didn't seem to bother those seniors that had been on the team since their freshman year. They were determined to cheer on their team through thick and thin, which was one of their outstanding qualities.

In the end, their record turned out rather well, six wins and five losses ended their season. Along with a fourth place in the I.L.S.C.

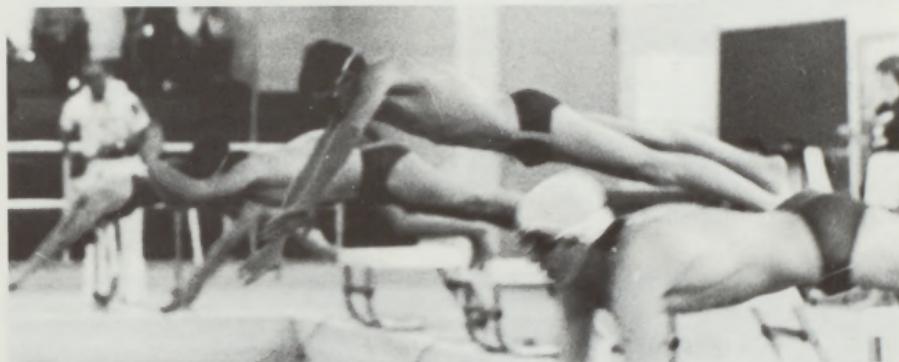

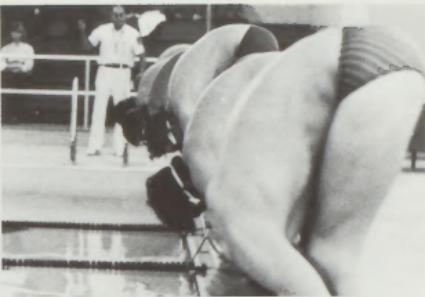

Craig Scott had an outstanding season, he was the only swimmer to make consolations in individual events. The majority of the team, (seniors) left Hammond High, with a memorable year.

POM KATS

The pom kats do more work than you think. The work begins in June. After school is over, the poms begin to have car washes to raise money. The car washes are usually boring. They are only fun when business is slow and the poms have a water fight. The money made during the car washes is used to pay for camp. Sometime during July or August, the poms attend camp for four hardworking days. From 8 a.m. till 10 p.m. the pom kats learn new routines such as Jump, Burning Up and Street Beat. Camp isn't all hard work. After 10 p.m. the pom kats have shaving cream fights and pizza parties. The four days at camp is the time when the pom-pom girls become better friends.

After camp, the poms begin practicing 5 days a week. Each day, practice is for one and a half hours. The only time they don't have practice is on weekends and two weeks after football season.

The poms put in a lot of hard work and time to bring you half-time entertainment. Mrs. Edgerton, the pom-pom sponsor, also puts in a lot of time and works very hard to organize the squad. Ever since Mrs. Edgerton began as sponsor, the squad has continued to improve. This is Mrs. Edgerton's last year as the sponsor. The pom-pom girls and we, the students, greatly appreciate her help and time. The squad and I'm sure Hammond High will miss her. Thank you Mrs. Edgerton for all your help.

CHEER

There's a feeling you get when you get in front of a crowd and they start to cheer with you. It takes your whole body over and you can't help but smiling! It's the feeling of only a cheerleader.

This summer each squad attended a summer camp. Varsity and freshmen went together and J.V. went alone. Camp is one of the funniest points of being a cheerleader. Not only do you learn cheers and compete, but you make your squad whole. After all, you have to get along if you are going to be together every minute for five days.

This year the varsity squad was asked to perform at the freshman orientation. The performance went rather well, and then the year started. Football season came and so did the pep-assemblies, and soon basketball was on the way. With a little help from a few supporting fans Miss Hill formed a booster club, which led to a lot of time. Cheerleading is very time consuming, especially when you're trying to bring back the spirit of your school. Practicing almost every day, decorating the locker room, organizing pep-assemblies and trying to raise money is only a small part of it. Staying after school to paint signs, and doing extra things for the teams takes up the rest of your time. And without support from the fans, it's really hard.

Well, when you narrow it all down, it's the definition of a . . . Cheerleader!

PEOPLE

ALIENS

Alonzo Weems, president; Nicole Walker, vice president; Tracey Franks, secretary; Charlotte Hutton, treasurer.

Aliens, where do they come from? Most come from Spohn, Eggers, St. John Bosco and other intergalactic schools.

What do they look like? One can distinguish an alien from a human by the number of books they carry in the halls, their height, tone of voice and especially when they look to see if they're going in the right washroom. This species is also found turning around and moping back down the stairs. The stairs in which we are referring to are the ever-popular flight by the library that every freshman walks up only to find no escape, a trap used to catch the helpless aliens.

Why are they invading Hammond High? The reason for this is they want to learn to be like the higher life forms. Their invasion will also help them learn more than just underwater basket weaving. Aliens have something special about them. Some people just can't help but call them names, beat them up or trip them as they're going down the hall. Of course, all aliens have an initiation to go through. During their visit this initiation will get them into the society of real people.

Sophomores are... STAYIN' ALIVE

They made it through their freshman year! The sophomore class is now fighting to stay alive for the next two.

The sophomores are temporarily in limbo. They've finished with the agony of boring old P.E. class, but now they're trying to cope with speech techniques. Most of them don't have their drivers license yet, which means upper classmen are constantly chauffeuring them about.

They've made it halfway through their high school years, but they still have the

other half to go. Upper classmen almost always look down at them and tend to give them a hard time. They shouldn't take it too hard, they still have the freshmen to tease. The sophomores shouldn't fret too much either, if they make it through this year, they'll soon be right up there with the upper classmen!

While staying' alive, sophomores are into the groove of school activities. They are an integral part of new clubs and organizations!

Sophomore class officers are Jerry Jones, Tanya Stanish, Laura Fladeland, and Alfred Weems.

Michelle Gajdic tries to stay alive during a demonstration by the U.S. Army.

We've made it! We're finally upperclassmen. Little did we know this would be the year of the Juniors. We had all the right stuff to walk off with the hall and float decoration awards during homecoming. Juniors have a way of coming through when it really counts. They have come out of their shells and let Hammond High know they're alive. Juniors really support the teams. They let them know they're there.

Juniors also have M.O.R.E. They have united and are out to conquer the rest of the student body. This positive attitude will assure Hammond High that they can and will make the school a better place. To sum it all up, Juniors have the Right Stuff.

ANIMAL HOUSE

After 12 long, hard years of school, the Senior class of '85" FINALLY made it to their destination that is for those that survived. Freshman year the class had over 500 students in it and now, while in their senior year that number has dwindled down to 247 students.

The Seniors were determined to make this, their best year, they've ever had. Starting out with Homecoming and all the float parties, although they were a lot of fun, the class did more partying than puffing flowers and inevitably their float was defeated by the juniors float. The Homecoming activities were very unusual this year; thanks to the Association President Diane Ginther, who did her best to make the week an interesting one.

Something that was quite common this year was the students reminiscing about their days in Middle School whether it be Spohn, Eggers, or Edison. None-the-less all three groups of students have emerged now to form this unique class.

Some of the most exciting things that happened for the Seniors of '85" were Hotel Parties, Toga Parties, double lunch hour, making lunch on Wednesday for your friends, winning the raft races, Vanessa Swanson's 18th birthday party, and who can forget our afternoon 2nd semester classes that turned into days at the beach. The Seniors also showed their style and pure desire to have a great time at Winter Formal and Prom.

Spring Break for the Seniors, this year was a great one! Many students and a warning to the governor from Mr.

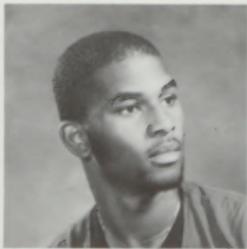

O'Rourke hit the state of Florida like a hurricane and left it in shambles.

For the 2nd semester schedules the Senior class would like to give a big thanks and an award of merit to Mr. Monberg, for making the schedules quite a task to deal with. Late arrival, double lunch, early dismissal are some of the treats we had to look forward to.

Senioritis set in around Sept. 21st and the class of '86" found "their" year flying by faster than the speed of light. The Senior Class would also like to recognize and dedicate this song to senior English teachers, Miss Fischer and Mr. Deak, "Ain't Missing You At All," just joking. There are other teachers that deserve recognition from the Senior class. To Mr. Ruf, "G", Mrs. Robison, Mr. Urick, Uncle Chuckie Sizemore, Mr. Luncsford, and Mrs. Urick, for these few that had her. We'd like to Thank you for making high school interesting and giving us a run for our money education.

The one face that always stays with us and cheers us up when we think of her is Mrs. Chang. Her kindness and devotion to her students made her an unforgettable teacher. The best of luck to you always Mrs. Chang!

After all the graduation parties and the excitement of going on to college, and starting new life, Alumni turn their backs on Hammond High and look forward to their ten year reunion.

ORGANIZATIONS

NATIONAL
HONOR
SOCIETY

Class

One day in H.H.S. lunchroom, two people were talking about the National Honor Society.

"I hope I will be elected into the National Honor Society," said Luke.

"No offense or anything Luke, but I don't think you will be elected because you are not a nerd," said Megan.

I'm not that desperate to be in the National Honor Society."

Then this large guy named John Blake went up to both of them and said, "Do I look like a nerd?"

"No, no John you are no nerd" said Luke.

"How about you Megan, do I look like a nerd?"

"No John, what ever gave you that idea?"

"You are calling me a nerd and I am not. I've lettered in football and track and I'm also smart, and I belong to the National Honor Society."

"You do, well tell me about the National Honor Society," said Luke.

"Well it's like this. National Honor Society is not a society full of nerds, but I must admit there are some. You have to be smart. You need a 3.5 grade point average."

"John how do you get elected in? Isn't it the teachers who elect you?" said Luke.

"Hey, I think you are getting the hang of this. Teachers do nominate the students and you will find out if you are in it in April or May. Mrs. Urick is the sponsor."

"People who belong to the National Honor Society know how to have fun. We just don't have our noses in books all the time. We belong to football teams, basketball teams, student government, and drama clubs. The list goes on forever."

"While all of this is going on we still have to honor our basic rules scholarship and leadership."

"If someone doesn't honor all these rules, what happens?" said Megan.

"You get kicked out" said John.

"Are there any offices?" said Luke.

"Oh yes, Jimmy Jones is President; Bob Gracia is Vice President; Christina Grados is Secretary; and JoAnn Grabil is Treasurer."

The bell rang and time to go back to class. They both said bye at the same time and went to class.

STREETS OF FIRE

Tragedy strikes! It may be unbelievable but it happened again. The H.H.S. Band uniforms were burnt to a crisp. Even though this happened the band didn't let down. They collected money on street corners, had car washes and donations poured in. All these things helped the band to order new uniforms.

Under the direction of Mr. Bialon the band has really modernized. Featuring such songs as *Beat It* and *Jump*. They also had some students perform to *Ghostbusters*.

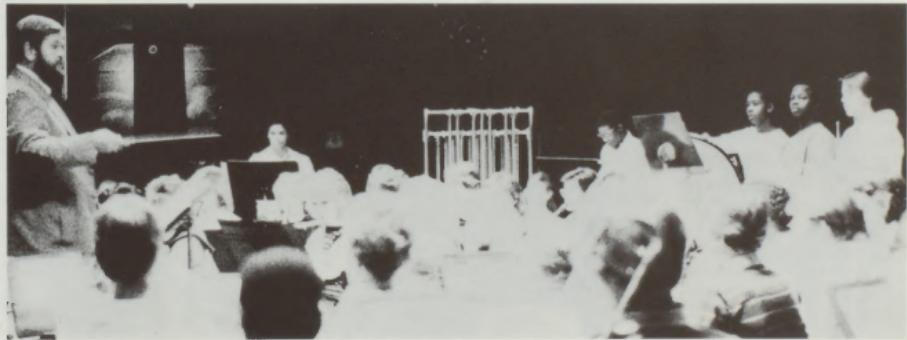

Drum Majors this year are Paul Meggers, Julie Gruzka, and Tammy Willet. They have contributed a lot of time and effort and supported the band tremendously.

The band also put on a Christmas concert in the auditorium and had a show in the evening. The concert also included teachers playing various instruments.

The band has made quite an impression on the school and hopefully next year they will be fully clothed and ready to continue their climb to the top.

The Verdict

Student government followed the tradition of letting Homecoming be the highlight of the year. Some of the activities in Homecoming included the dressup day, raft races, slave day, the hay ride and the annual Homecoming parade on Friday with the Boy's making a perfect ending for a perfect week by winning the game. Next on the agenda was Winter Formal, which was extremely successful. Student government is a select group of students not only responsible for planning activities for the Hammond High students, but also for joining and participating in these functions. Student Government also had another task of coming up with ideas for more student involvement. Although there was a lot of student involvement this year they still need more ideas and more people to become involved.

Stripes

S.L.I.P. (Student Leadership in Progress) is a newly found organization developed as an out-growth of a school Improvement Program sponsored by the Kettering Foundation.

"It's main purpose is to develop leadership behavior, brainstorming techniques, positive communications, development of motivation, problem solving and action planning," says Portia Fultz.

There are about 150 members currently. Officers are: Pres. Portia Fultz, V.P. Robert Garcia, Treas. Steve West, Trustees: Jennifer Wozniak, Laura Fladeland, Barbara March, and Diane Ginther. The sponsor is Patrick O'Rourke.

S.L.I.P. has sponsored leadership conference on the middle school level as well as at the high school level. S.L.I.P. has created a student court, and Friends which is a peer-counseling group. Second semester S.L.I.P. is planning Pride Month and a S.A.D.D. club (Student Against Drunk Driving).

The S.L.I.P. leadership participants develop self-

confidence, awareness, the ability to support, positive thinking and living, and appreciation of the greatest value of personhood, which is self.

Pride Month will take place the second six weeks during the second semester. It involves each class competing against one another in spirit, academics, behavior and many other categories.

The leadership training seminars are designed to provide knowledge and skills in leadership and membership roles in small oriented groups. During the training participants learned to make decisions and leadership styles among other traits.

FRIENDS is a group of students who are learning peer-counseling skills. They are being trained by a professional counselor. Second semester they will put their skills to work.

This is S.L.I.P.'s second year of being in existence. The organization is getting bigger and better each month. So far S.L.I.P. has accomplished a lot, hopefully S.L.I.P. will keep up the good work.

TRADING PLACES

Teacher, Office, and Guidance aides to the rescue! Aides have become a vital remedy to many teachers. To the teachers these aides are very important. As for the aides it gives them a chance to get out of study hall or just to help teachers. Teachers aides not only do all the running around from office to classroom, but also grade papers and help classmates where they can. These students have unburdened many teachers with errands they would normally be doing themselves before and after class, which allows more time for better teaching. Also it gives students the chance to relate to teachers and get better acquainted. But, the most important thing is that we students know that the teachers need us just as much as we need them.

SATURDAY NIGHT FEVER

This year the Winter Formal theme was "Almost Paradise." It all began about 6:30 when couples started to arrive at Broadmoor Country Club, where Formal was held.

As the people arrived they had their pictures taken. Finally pictures were over and it was time to eat. The meal started with an appetizer and went on to a chicken dinner, which only a few found palatable.

After dinner the dancing started with Mark Lindemer as the D.J. He played various hits, ranging from "Shout" and "The Twist" to "Jungle Love" and "Let's Go Crazy," providing an evening of fun and enjoyment for everyone. Before realizing it, the clock had struck 12 and having finalized their plans, many couples set out to enjoy the rest of the evening.

Bottom Right: Brenda Kotul fixes Craig Scott's tie.

Freddy and the Cruisers

Fred and his Speech and Debate team are always on the go. The Speech and Debate team has been pretty successful this year, averaging at about ten ribbons per meet. Speech and Debate has traveled to Crown Point, South Bend, La Port, Highland, Kokomo, Northwestern Universities and many other places.

Speech and Debate is a group of dedicated students who express an interest in their future. They get practice in public speaking, acting, and meeting different kinds of people.

Is there any truth to the rumor that only "NERDS" join the speech and debate team? Alfred Weems the III doesn't think so. To him there is a lot of rewards and full paid scholarships for a better education. Many congratulate congratulations go to the Speech and Debate team! They need no applause, for their future is in the hands of Freddy.

Top Right: Freddie lectures his cruisers.

Top Row: Laura Fladeland, Donna Phillips, Dawn London, Robert Garcia, Todd Newell, Denise Harper, Jamahl King, Alfred Weems III, Dawn Harrison, Carolyn Jacobson, Barbara March, Sarah Smith, Tammy Medanich, Gregg Monberg, Ben Harrison, Alonso Weems, Chris Hillstrom, Jim Bibbins, John Fancher, Kathlene Maddox, Nicol Walker, Mike Simpkins, Buddy Goetttsch, Mike Kubacki.

Top Left: Resting after an exhausting meet, Donna Phillips waits to go home.

Top Right: Jimmy Schuster prepares for an important speech meet.

Bottom Left: At the meet in Crown Point, Alfred Weems III organized his material for his speech.

Bottom Right: Buddy Goetsch gets down to business.

ABSENCE OF MALICE

The Herald Staff got off to a slow start this year and with good reason, it was very difficult for three people to put out an edition. The Staff consisted fo Co-Editors Dan Balazs and Eric Fladeland and Bookkeeper Lillian Casillas.

The First edition took over six weeks to put together, it was the best of three because the other two were what the staff called cheap-o editions due to lack of funds. After second semester the staff increased by eleven people. These people helped the paper get back on its feet because they could sell the ads needed to put a decent paper and write a few stories. The paper put together an outstanding Special Edition sponsored by the school about the Pride and recognition week that was led by Mr. O'Rourke.

This year, unlike last year or any year before the Herald Staff is having the paper type set and printed at the Area Career Center with the help of Mr. Meyers who is head of the printing department. The school newspaper is a worthy cause — it keeps students up to date on what is happening in their school but unfortunately this year the school paper was forgotten about. We give credit to those few that tried to make the Herald a success this year. In the staff's eyes it was a success, but in the eyes of the criticizer's — you know the one's that are all talk and no help — maybe it wasn't. Now the Herald is working on who next year's editor is going to be, that will be up to the Co-Editors and Mr.Schneider, but who will be on the staff, that is up to you.

48 HOURS

Have you ever wondered who it was making all the noise during 7th hour on the 3rd floor, or how about the crazy people running around with MR "T" head back for a hall pass are? Not many people know because of the dwindling interest in the school yearbook.

For those who are not seniors you'll know who they are next year when you see one again, no they are not ALIENS, they are simply people who work on the yearbook staff. Although "SIMPLY" is not the word for anyone who works on the yearbook staff, there is plenty to do to put out a yearbook with 168 pages and a staff of 14 girls (which is better than last year's staff).

The first mistake made was the slide show that was unprepared and had music pertaining to the theme of the yearbook, but unfortunately not many people enjoyed the musical choices. After the show the staff had lots of complaints given to them which made them lose some of the spunk they had at the beginning of the year. The enthusiasm was almost ruined when the final total of all books sold was announced. Hammond High school has 1,281 students, out of those students **only** 227 books were sold. Not even $\frac{1}{2}$ of the senior' class which consists of 247 students bought a book.

The staff's attitude changed after that, they felt they

shouldn't work so hard, having 2 day deadlines (48 hours) when only $\frac{1}{4}$ of the school was going to see their works of art. The last straw was when editor Terri O'Brien said forget it we're not working our tails off to have a spring deadline for these people who don't respect the work that we do to put together a yearbook for the school. The staff had to sell additional ads to make up for the books that weren't sold in addition to the 2500 dollars already sold to lower the cost of the book which is originally \$30.00. The staff decided to just have a late deadline and those 227 people would have to come back in the summer to get their books. When representative Steve Talsma heard of their plane he tried to talk editor Terri O'Brien back into the spring deadline, because the 227 people that did help out shouldn't be punished for the rest of the school's disinterest. So the staff finally decided they would do their best to get the yearbook out in time. This agreement included a deadline of 70 pages to be ready in two weeks after winter break. So once again the dunes staff will struggle to put out another spring delivered yearbook to keep the Hammond High students happy but the chances for next year's yearbook to be out by the end of school year are looking slim. If you're interested, anyone can join the staff all you need is patience and a free class 7th hour.

Above: Melisa Hill, Anne Barney, and Carmela Fuentes, try to make Eric Fladeland believe they are really Santa's helper's disguised as yearbook staffer's.

Editor's Note

It has taken a long time to put the 1985 yearbook together. It has been quite an experience, one I will soon forget — if I'm lucky. My deepest apologies to the staff for the rude people who have criticized the book and have put my staff through hell. For those of you who fit this description — I'm sure you would have done a better job, so good luck next year when you're on the staff helping out.

Thanks to those few dedicated people that have helped, if it weren't for them this book would have never been published. Thanks also to those few that have helped our whole purpose of putting together a yearbook (the student body) by purchasing the book that we worked so hard on so that those 260 people could have a yearbook. Even though 260 people is a very small fraction of the school, and we did all work very hard, it's your book and we hope you enjoy it, and for those of you who didn't buy a book . . . never mind.

Sincerely,
Terri O'Brien
